# Dump Trailers

## DT-610

## DT-610-3WAY

Advanced Equipment Sales Trailers are a useful tool for every golf course superintendent and contractor. An essential for renovating greens, tees, bunkers and for working on irrigation projects. These trailers haul big loads on walking axles making them extremely gentle on your fine turf areas

### Model DT-610 & DT-610-3WAY Rear Dump

20,000 lbs  
telescopic cylinder  
converts into a flatbed  
automatic tailgate

#### Trailer Capacity
